

Pre-Conference Tuesday 6 April 2021

09:00		
09:30	COURSE 1. Use of ultrasound for vascular access in adults - Frontal Lessons	COURSE 2. Use of ultrasound for vascular access in neonates and children - Frontal Lessons
10:00		
10:30		
11:00		
11:30		
12:00		
12:30		
13:00		
13:30		
14:00		
14:30	COURSE 1. Use of ultrasound for vascular access in adults - Lab Practice	COURSE 2. Use of ultrasound for vascular access in neonates and children - Frontal Lessons
15:00		
15:30		
16:00		
16:30		
17:00		
17:30		
18:00		

Wednesday 7 April 2021

09:30				
10:00	Opening			
10:30	Keynote Address			
11:00	PLENARY SESSION 1. WoCoVA 2020			
11:30				
12:00				
12:30				
13:00	Lunch & Expert Café			
13:30	SESSION 1. The state of the art of PICC insertion	SESSION 2. Ultrasound for tip navigation and tip location	SESSION 3. Which VAD in the non- hospitalized patient?	PEDIATRIC SESSION A. Infection prevention in NICU and PICU
14:00				
14:30	Break			
15:00	Industry Symposium	Industry Symposium	Industry Symposium	Industry Symposium
15:30				
16:00	Break			
16:30	SESSION 4. The state of the art of CICC insertion	SESSION 5. VAD for apheresis and for dialysis: what's new	SESSION 6. Radiology vs. ultrasound in the diagnosis of VAD- related complications	PEDIATRIC SESSION B. NIR technology and its clinical application
17:00				
17:30				
18:00				
18:30	Welcome Reception in the Exhibition Area			
19:00				

Thursday 8 April 2021

08:30				
09:00	PLENARY SESSION 2. The Vascular Access Team and its power in reducing VAD-related complications			
09:30				
10:00				
10:30				
11:00	Posters & Poster Walk			
11:30	SESSION 7. Peripheral vs. central VADs	SESSION 8. Infection prevention: the relevance of the exit site	SESSION 9. Subcutaneously anchored securement	PEDIATRIC SESSION C. Ultrasound for tip navigation and tip location
12:00				
12:30				
13:00	Lunch			
13:30	Industry Symposium	Industry Symposium	Industry Symposium	Industry Symposium
14:00				
14:30	Break			
15:00	SESSION 10. Web resources for the vascular access specialist	SESSION 11. Infection prevention: the role of non-antibiotic antimicrobial lock solutions	SESSION 12. Tunnelling VADs today	PEDIATRIC SESSION D. Central venous access in children and neonates: new possibilities
15:30				
16:00				
16:30	Break & Expert Café			
17:00	SESSION 13. Vascular access in ICU	SESSION 14. Infection prevention: the role of needle free connectors and port protectors	SESSION 15. Cyanoacrylate glue	PEDIATRIC SESSION E. How to choose the most appropriate VAD
17:30				
18:00				
18:30	WoCoVA Global Committee Meeting			
19:00				

Friday 9 April 2021

08:30				
09:00	SESSION 16. Chest ports and PICC ports: technique and indications	SESSION 17. Proper diagnosis and treatment of CRBSI in 2020	SESSION 18. The method of intracavitary ECG in 2020	PEDIATRIC SESSION F New strategies for reducing VAD-related complications in neonates and children
09:30				
10:00				
10:30				
11:00	Posters & Poster Walk			
11:30	Industry Symposium	Industry Symposium	Industry Symposium	Industry Symposium
12:00				
12:30	Lunch			
13:00				
13:30	SESSION 19. Catheter related thrombosis: the state of the art	SESSION 20. MARSII today	SESSION 21. Peripheral VADs today	SESSION 22. The WoCoVA consensus projects
14:00				
14:30				
15:00				
15:30				
16:00	PLENARY SESSION 3. Closing Session			
16:30		Closing		
17:00
